Stefan P. Jobs

Designed by pixies in Bavaria. Assembled in China.

Entrepreneur seeks new opportunities in the city of Munich. Ideal business partners must know their Bratwurst from their Bierhaus.

Employment

FULL–TIME: **APFEL COMPUTER, GMBH** (1997–)

Helped company to once again create phenomenal products such as deutschMac, deutschBook, EfficientBook, iAdministrator, iBier, iOompah, iHasselhoff, etc...

Part of the team that positioned company to trailblaze (once again) onto the Internet, into 2002 and beyond. We create computers that are fun (within pre–approved boundaries), powerful, and extremely efficient.

FUNNY JUMPING TABLE LAMP ANIMATION STUDIOS (1986–)

Discovered a little animation company that needed a vision. Liked the product so much I bought the company. FJTL is now "the" digital animation studio in the Lower Bavarian region, according to readers of "WAS?!" magazine.

We have created and produced half of the top grossing German animated films of all time, including: Woody and the Cosmonaut, Das Leben der Bugs, Woody and the Cosmonaut visit Holland, and Monsters, Gmbh.

NÄCHSTE SOFTWARE GMBH. (1986–97)

Founded Nächste, which created really cool hardware that exploited the full potential of Object Oriented technologies. Nächste technologies made programmers' (and users') lives a whole lot easier, thus giving them more leisure time to go catch the latest FJTL release.
